

Home Economics – 2nd Term Projects

JSS1

- 1 Make a list of five personal hygiene items and explain their uses.
- 2 Draw and label five items found in the sitting room.
- 3 Create a timetable showing your daily routine at home.
- 4 Interview a parent/guardian about how meals are planned at home.
- 5 Take pictures (or draw) of different kitchen utensils and state their uses.

JSS2

- 1 Write a report on the importance of food hygiene.
- 2 Draw and label five types of seams used in sewing.
- 3 Prepare a simple fruit salad and write the procedure.
- 4 Write five reasons why food preservation is important.
- 5 List five factors to consider when buying clothes.

JSS3

- 1 Write a short report on the importance of textile recycling in the home.
- 2 List and explain four simple ways to repair torn clothes.
- 3 Design a poster showing the proper way to store household linens.
- 4 Interview someone who does laundry for a living and summarize their daily routine.
- 5 Describe the differences between natural and synthetic fibers.
